A GOOD PLAN.—THE MOST PROFITABLE WAY for dealing in stocks is by combining many orders and co-operating them as a whole, dividing profits pro rata among the shareholders, according to the market. Each customer thus secures all the advantages of immense capital and experienced skill, and can use any amount from $10 to $10,000 or more, with equal proportionate success. IMPROVEMENT OF THE UPPER FRASER.

Cottonwood Cañon is situated twenty miles above Quesnelmouth and two miles above the mouth of Cottonwood River. Thirty-five miles further up the river is situated Cañon Creek on a branch of which are the Hixon Creek quartz mines, which now seem destined to inaugurate a new era—that of quartz-mining in British Columbia. It is probable that the obstacles in Cottonwood Cañon are to be removed in order to encourage the quartz enterprise in that section. No survey has ever been made of the rocks which require blasting at this point, and consequently their exact size is unknown. One large reef, probably containing one thousand cubic yards, lies nearly in the centre of the stream. It is doubtful whether this rock has ever been (although it is said to have been once seen) uncovered during the winter season. Forming almost a dam to the current the water rushes past it with great rapidity. It is believed that other rocks exist up the eastern side of this main one which will eventually have to be removed and which will be uncovered by the lowering of the water that will follow the removal of the centre rock. The appropriation for this work for the present season is $10,000; but an additional sum of an equal amount will be needed to complete the work. Sixty miles above Cottonwood Cañon is Fort George Cañon, which could probably be made navigable at about the same expense. If this were done steamers could run from Soda Creek to a point about 90 miles above Fort George—an uninterrupted distance of nearly 250 miles. If the Fraser river line from Tete Jaune Cache to Fort George should be selected for the Canadian Pacific Railway this work would become a necessity to aid construction parties in transporting supplies, rails, &c. It is possible that the commencement of the improvement of the upper Fraser is made with a view to this. A few years ago Mr. G. B. WRIGHT, who has charge of this important work, was directed by the Dominion Government to make an examination of Fraser River from Soda Creek to Big Bar Cañon. According to his report a comparatively moderate expenditure would render the river navigable for 125 miles to a point where a wagon road could be easily made that would tap the fertile districts around Lillooet, Clinton, Cache Creek and Kamloops. Should the railway follow the northern route these districts must supply the food and grain for its construction, and with steamers plying over 375 miles of its course the upper Fraser River would soon become a counterpart of its sister stream, the Columbia. We hope that the present movement is but the beginning of a general system of improvement of our navigable streams.

A "SPECIAL SESSION."

The Westminster organ of the Government says that this journal "strongly opposes the special session idea." Will our contemporary allow us to correct its statement? What we said was that we are opposed to the convening of the Legislative Assembly any time within the ensuing six weeks. That is widely different from saying that we are opposed to a special session altogether; although we sincerely hope and really believe it may not be found necessary to hold one. The only circumstance that could possibly render an extraordinary session of the Assembly necessary would be the failure of the Canadian Government to begin railway construction as promised in the Province during "this season," which will end with October. But even in the event of failure it may be seen that an *early* session—convened in November or December—will answer the only purpose that could be accomplished by a special session, viz: the placing in the hands of the Dominion Government the ultimatum of this Province before that Government shall be called on to meet Parliament. However, we think with our Westminster contemporary that the promise will not be broken and that some tidings of a very definite character will soon be received. In any case, do not let the Province be found hampering the Ottawa Government by unwise or precipitate action on a matter so important as the railway before the close of the "season."

New Zealand.

A series of immigration returns have been laid on the table of the General Assembly recently. From these we gather that during the period from July 1st, 1878 to July 1st, 1879, 8,747 Government and 2,353 nominated immigrants have been brought into the colony.

The total amount of land revenue for the year ending the 30th June last, was £869,729 12s 1d. Of this sum £737,694 6s 9d was for lands sold; £92,009 9s 10d for depasturing licenses and assessments, and £40,025 15s 6d for rents and miscellaneous receipts.

On the 30th June last there were 1,140 miles of railway open for traffic. The total receipts for the four weeks ending that date were £32,495 7s 2d. The total receipts for the twelve months ending that date amounted to £758,096 6s 2d, while the expenditure was £545,478 15s, leaving a credit balance of £212,618 13s 2d. The expenditure was equal to 71.95 per cent. of the receipts.

The question of Chinese immigration into the colony is ably dealt with by Sir George Grey in a Ministerial memorandum which has been laid on the table of the Assembly. He sets out by showing that a variety of circumstances made it almost certain that a dense population of various races and of different degrees of civilization will shortly exist in the tropical portions of Australia, possibly in great part employed by European capital and directed by European enterprise. These territories, when thus occupied, must be ruled from the southern parts of the continent, and the whole of the civilization of the north must be dependent upon the degree of civilization prevailing in those portions of Australia in which the Anglo-Saxon race first took root. The Premier forcibly observes that "no possible chance should be allowed to arise of the European population being over-borne, or even to any extent being interfered with, by a mixed race of an inferior order, and whose civilization is of a secondary type."

The report of the Minister of Education is an exhaustive paper, occupying 160 pages. The number of schools in the different districts are thus given: Auckland, 193; Taranaki, 25; Wanganui, 47; Wellington, 36; Hawke's Bay, 32; Marlborough, 15; Nelson, 56; North Canterbury, 109; South Canterbury, 17; Westland, 36; Otago, 134; Southland, 48; total, 748—as compared to 730 in the previous year.

Victoria.

The Clare Hotel, Wangaratta, has been destroyed by fire. The inmates had a narrow escape, being taken out of the burning building by means of ladders. The place was insured in the Norwich office.

The winnings in connection with the Caulfield races have been paid over. They amounted to about £500.

The Australian Sheep-breeders' Association held an exhibition at the end of August.

The labor market is still very dull. A number of men from the ranks of the unemployed, engaged in filling up quarry holes, Melbourne, have struck work, as they are dissatisfied with the rate of remuneration—viz., 4s daily. The movement is not general, but is considered foolish on the men's part.

Adelaide.

George Jeffrey, Secretary of the Foresters' Court at Moonta, was charged with embezzling £140. It is believed his defalcations extend over seven years. He was remanded.

The report of the Liquor Law Commission has been presented to Parliament. It recommends the appointment of a central licensing board, heavy fines for supplying drink to drunken persons, additional inspectors with power to analyze, heavy penalties for selling bad liquors, the discouragement of night licenses, and to close houses at 10 P. M. The Commissioners think the people are not ripe for closing on Sunday, but suggest wine licenses and larger fees generally.

No Sloopy Hollows Now-a-Days.

There is no success, in common life, without industry. To have the character for it is the passport to favor; and to practise it gives, daily, additional power and worth. In the struggle for life on every side, laziness is left behind at the starting. Competition demands application and diligence, if we would not be beaten. Men stand too thick on the ground, and the strong out-grow the weak. Dutch shopkeeping will not do now, even in Holland; the feather-bed and long pipe in the parlour, and lazy parley before getting up are a tradition. There are no Sleepy Hollows in modern commerce; hardly any in modern life. A little honey has to be gathered from many flowers. Industry saves the moments; acts with full knowledge; gives its heart to its work; keeps its eyes and ears open; is always rather too soon than too late. It meets opportunity as it comes; idleness follows it. It is thoughtful of all that goes to its aim, and never misses through thinking on other things.—*Exchange.*

The Harris' Pond Mystery.

An inquest was held yesterday at the Police Barracks before Hon. A. F. Pemberton, Coroner for the District, on the remains of the unknown man found in August last in the vicinity of Harris' Pond.

The jury having viewed the remains Officer Roycraft took the stand and testified that, from information received, he, in company with Sergt. Bloomfield, proceeded to the pond on August 18th and at a spot in the woods about 200 yards to the northeast thereof saw the remains of the deceased which were in a recumbent position, the trunk lying in a slight depression of the ground. Examined the clothing of deceased but found only a knife, a pipe, an empty razor case and a portion of an envelope. On the following day witness was detailed to make a careful search of the ground in the immediate vicinity of the place where the remains were discovered. Nothing, however, was found to afford any clue as to how deceased came to his death. The only suspicious circumstance in connection with the affair was, in witness' opinion, the fact that deceased's clothing was drawn up about his neck as if he had been dragged along the ground by his legs. For some time it was thought that the body was that of a Frenchman named Jean Chalon, but inquiries had established the fact that Chalon is alive and working on San Juan Island. Since the remains were brought to the Police Barracks they had been inspected by hundreds of people; but they had not yet been identified.

Peter Lami deposed that he is acquainted with Jean Chalon and that he is at present working on San Juan Island. Witness saw him alive about two weeks ago.

J. Fery, acting French consul at this port, also deposed that he knew Chalon to be on San Juan Islsnd. The body and clothing, however, of deceased coincided in almost every respect with those of Chalon.

No further evidence being adduced the Coroner briefly addressed the jury who returned a verdict of "death from unknown causes."

THE steamer Wilson G. Hunt, with 27 head of cattle, account of F. Richter, Semilkameen, 105 bales of hay, account of G. Arthur, Esquimalt, and the following passengers, arrived at 2½ o'clock yesterday afternoon from New Westminster: Mrs. Kinsman, Miss Kinsman, Mrs. Herring, Mrs. Ferris, Mrs. Resing, Miss Seymour, Mrs. E. Dickenson, Messrs. A. R. Robertson, D. W. Higgins, J. McKee, J. D. Kerr, McLellan, J. Clark, M. McNeil, Egan, Hodgson, S. Reese, J. Johnson, Spillsbury, McKinlay, E. B. Carmichael, W.F.Bullen, Walker, Frank Reichter, J. A. Laidlaw, Nickerson, Bullen and Dr. Walkem.

NEW WESTMINSTER.—The remains of the late Charles Moorhouse were received from Victoria on Monday and interred by Union Lodge A. F. & A. M.... The Fleming cup will be competed for at New Westminster and Victoria on Saturday.... An apple-tree in full bloom is one of the curiosities of the Royal City.... The Government will favorably entertain the proposition of the farmers of Langley with respect to the reclamation of low prairies.... There were fifty cases heard at the County Court, the most important of which was a dispute over the payment of $25.

GREAT SALE OF SALMON.—A sale of 185,000 cases of Columbia River canned salmon has been effected within the past few days. The prices have not transpired; but as some of the principal Oregon capitalists are associated in the transaction, it is believed that a "corner" in salmon will be made and the market consequently strengthened, which will be a good thing for Fraser River packers.

BIG PLUM.—Mr. W. H. Ladner, at Ladner's Landing, Fraser River, on Monday plucked a red-egg plum from a 4-year old tree that weighed three ounces and three-quarters. He thinks this wonderful pomological production, if no other advantage existed, should entitle the Landing to the terminus of the Canada Pacific Railway.

SOLD.—The sheep seized by the revenue officers on Tuesday evening on board the sloop Sea Foam between Cadboro Bay and the islands in the Straits were sold yesterday by Messrs. W. R. Clarke & Co., auctioneers, to Mr. R. Porter, butcher, at $1.75 each.

SAANICH AGRICULTURAL SHOW.—This annual exhibition will be held on the 2nd prox., and as crops of every description in the district have been unusually good this season it is probable that some very fine exhibits will be made. A grand ball will take place in the evening.

THE SMUGGLING CASE.—Proceedings were instituted yesterday by the Customs authorities against the owners of the sloop Sea Foam seized on Tuesday evening for smuggling.

IN GOOD ORDER.—The cargoes of the barks Princess Royal and San Luis, from London and Liverpool respectively, are turning out in excellent order.

Municipal Council.

WEDNESDAY, Sept. 17.

The Council met at 7:50 p.m. Present: His Worship the Mayor in the chair, and Couns. McLean, Mansell, Walker, Smith and Rome.

THAT FOUR THOUSAND FIVE HUNDRED.

A communication was read from the Provincial Secretary stating that the Government has no power to delegate their responsibility as to the expenditure of the $4,500 appropriated by the Legislative Assembly for the city district; also remarking that it is to be observed that although the Legislature has confined the contemplated expenditure to the limits of the city, yet on every occasion when it was intended that the municipality should alone control the expenditure of money placed on the estimates the Legislature has so expressed it by placing the vote to the credit of the municipality. The Government considers itself directly responsible to the House and cannot evade its responsibility by casting it upon the Corporation. The members for the city are supposed to represent the views of their constituency and their opinions are consequently entitled to the utmost consideration, and any conclusion to which they and the Corporation may come will be carried out by the Government to its legitimate extent.

Coun. McLean moved that the Clerk by instructed to acknowledge the receipt of the communication. Carried.

Coun. McLean said he had no intention of saying much on the subject, but he would ask the Council to pass the following resolution unanimously:

Whereas, the City Council in their communications with the Government and the city members has received no satisfactory information regarding the appropriation of $4,500 on the estimates of the current year for streets and bridges in the city district,

And whereas, in compliance with a resolution of the City Council, an interview was had with the city members in reference to the matter, and at that interview one of the members stated that it was out of the jurisdiction of the Council to interfere regarding the said appropriation as he was responsible to his constituents and could explain to them at a public meeting:

Be it resolved, that the Mayor be requested to call a public meeting in order to give our representatives the opportunity of showing to their constituents why they have not repaired the said bridges within the city district; or why the appropriation has not been expended under the direction of the Chief Commissioner of Lands and Works as in other districts.

Coun. McLean said he believed that the resolution he had just moved was the only means of arriving at the end desired by the Corporation. The Council had been unable to obtain information of a satisfactory nature either from the Government or the city members, but he was perfectly willing to meet the ratepayers and abide by their decision as to the steps taken by the Council.

Coun. Rome took pleasure in seconding the resolution and said that it was apparent to him that the members for the city had not even given the Government the necessary information as to the manner in which the appropriation should be expended. In fairness to the Government it was therefore only right that a public meeting should be held. If the money was not to be expended some very good reasons should be given why. The Government were evidently willing to spend the appropriation, but the City members seemed to desire to obstruct and prevent the expenditure.

The Mayor said he doubted whether a public meeting would have the desired result, but if the resolutions were passed he would give it effect.

The question was then put and the resolution was passed unanimously, and Monday evening was fixed for the time of the meeting.

MISCELLANEOUS.

A letter was read from Mr. C. Nuttall complaining of a ferocious dog, the property of Mr. Starr, James Bay, which attacks him whenever he passes by and is a terror to the neighborhood.

The Clerk was instructed to advise Mr. Nuttall to lay an information against the owner of the dog before the Police Magistrate.

An application from Messrs. Dike & Jackson on behalf of Mr. J. Cowper with reference to the grading for a sidewalk was referred to the Street Com.

A letter from D. F. Fee, informing the Council that a good foot-path already exists on North Park street where he has been notified to lay a sidewalk and adding that he may be exempted from the provisions of the Sidewalk Bylaw.

On motion the Clerk was ordered to inform Mr. Fee that the bylaw must be carried out.

Permission was granted H. O. Tiarman to put in a box-drain running from Capt. Starr's new residence, James Bay, to the harbor.

An application from B. Graham for appointment on the police force was laid over.

A communication was read from H. Heisterman with reference to graveling street through the Work Estate.

The Clerk was instructed to reply that if the land be deeded over to the City the Council will gravel it at their convenience.

The Mayor read a communication from the late city surveyor complaining that he had not received proper or legal notice of dismissal; also requesting the Council to remunerate him for his instruments destroyed by fire.

Coun. McLean thought the late surveyor had been honorably and liberally dealt with, and he was opposed to granting him any more salary. If he urged his claim for salary and it was allowed him he would move that the vote of $250 for loss of instruments be withdrawn.

Discussion of the matter was deferred for the attendance of a full board.

Property-owners on the north side of Fort street, from Vancouver street to Mrs. Ella's residence; also on the west side of Vancouver street, from Yates to View, were ordered to lay new sidewalks.

The Council then adjourned.

CAUGHT IN THE ACT.—Two men named Hughes and Hamilton, who occupy cabins in Oriental Alley, were detected yesterday noon in the act of stealing coal belonging to the proprietor of the Oriental Saloon. The police were communicated with and Officer Roycraft proceeded to the cabins where he found several hundred pounds of coal stowed away under the bunks. Hughes was at once arrested and taken to gaol, but Hamilton availed himself of an opportunity to escape, and a warrant was issued for his apprehension.

BURIED.—The remains of the unknown man found near Harris' pond last month were buried at Ross Bay Cemetery yesterday afternoon.

THE steamship California is announced to sail from Portland for this port on the 30th inst. and leave here for Fort Wrangel and Sitka on or about Oct. 2nd.

Municipal Police Court.

[Before Hon. A. F. Pemberton.]

WEDNESDAY, Sept. 17th.

Norris *v* H. Moore—The defendant in this case was summoned by the plaintiff for an alleged assault.

The prosecutor failing to appear when the case was called on, Mr. Eberts, who appeared for the defendant, applied for a dismissal, which was granted.

TELEGRAPHIC.—We understand that B. W. Pearse, Esq., resident engineer, and F. N. Gisborne, Esq., superintendent of Dominion telegraph lines, will proceed on Friday to the Mainland to inspect the line from New Westminster to Cariboo. We have no doubt that Mr. Gisborne's attention will be drawn to the necessity of doing away with the five cables that now connect Victoria with the Mainland, and substituting therefor one cable stretched from Nanaimo to Point Atkinson or Gray. The beds on which the present cables repose are composed of hard rocks from contact with which they are abraded and frequently ruined. The bed of the Gulf of Georgia from Nanaimo to the points named is composed of mud, in which a cable would be preserved for years from injury.

THE steamer Enterprise arrived here at 3 o'clock yesterday afternoon from New Westminster, having on board the lower Mainland mails, 1000 cases of salmon from Haigh & Sons' cannery consigned to Stahlschmidt & Ward, 98 bales of furs, account of the Hudson Bay Co., 30 packages hides, account of J. W. French, a lot of miscellaneous freight and the following passengers: Mrs. Leech, Mrs. Bell, Mrs. DeBeck, Mrs. Jonsen, Mrs. Good, Miss J. Wark, Mrs. Fales, Mrs. Bunte, Mrs. Jackson, Mrs. McIntosh, Miss Evans, Miss McDonald, Miss Leech, Miss Bell, Judge O'Reilly, Rev. Reid, Rev. Derrick, Rev. J. B. Good, Messrs. P. J. Leech, C. W. R. Thomson, Kirkland, W. Jensen, J. Kelly, Johnson, E. Garrow, R. Gill, P. Mahon, Shakspeare, J. W. French, Scott, P. Beggs and Kent.

ONE OF THE WIMBLEDON TEAM.—We (Montreal *Gazette*) understand that Corporal Gray, of the Governor-General's Foot Guards, who recently made the highest aggregate score of the Canadian team at Wimbledon, is the grandson of an old and gallant British officer of the line and nephew of the Hon. Mr. Justice Gray of British Columbia. We wish him all success, and hope he may go on prospering and to prosper, winning fresh laurels for himself and the corps of which he has proved himself so worthy a representative.

THE PRINCESS ROYAL.—The discharge of this barque commenced yesterday and her cargo is being landed in splendid condition, doubtless owing to the fact of her owners having expended over $10,000 in thoroughly overhauling the vessel on completing her last voyage to London. The Princess Royal is now classed A1 nine years at Lloyds, and is commanded by Captain Barfield, formerly of the bark Lady Head, which latter vessel is now *en route* to this port *via* Honolulu in charge of Capt. Anderson, late of the Princess Royal.

THE SCHOOL TROUBLE.—Mr. Kaye, principal of the boys' school, having reported upon the recent trouble in that department, has been directed by the trustees to publicly admonish the offending boys, and, upon a repetition of the misconduct, to visit them with most exemplary punishment.

ST. JOHN'S CHURCH ENTERTAINMENT.—The entertainment last evening was the best of the series. The building was crowded, and everyone went away delighted. We must congratulate the directors of these entertainments upon the success that has attended their efforts to amuse and edify the public.

THE steamer Princess Louise sailed early this morning for the north with Mr. and Mrs. Hall, Admiral Prevost, Mr. Andrews, J. Carson, Mr. Lawrence and 50 other passengers, three canoes and 50 tons of freight. She will lie two or three days at Fort Wrangel, for which port she will again leave Victoria on or about the 14th of October.

A PUBLIC MEETING will be held at the City Hall next Monday evening to obtain the views of the taxpayers as to the manner in which the $4500 voted by the Legislature shall be expended. The City members will be invited to explain themselves on the subject.

QUESNELLE CO.'S QUARTZ.—The amalgam from the crushing of the top rock on Hixon Creek assays about $11 to the ounce. The amalgam produced from the 100-foot level assays $13 to the ounce. These results are regarded as very favorable.

THE Jewish feast of New Year commenced at sunset yesterday and lasts until to-morrow evening.

HON. W. HAMLEY, Collector of Customs, is about to make an extensive addition to his residence on the corner of Burdett Avenue and Victoria Crescent.

Metlakathla.

EDITOR COLONIST:—Referring to my recent communication concerning Metlakathla, it appears that I have inadvertently been led into a mis statement of which I have since received the following authoritative correction:

"I beg to assure you that your informant was incorrect in stating that the Dominion Government gave us one thousand dollars towards the building of the church. Neither the Dominion nor the Provincial Government have ever given us a cent for our church (church work at Metlakathla. Neither did we burden the funds of the Church Missionary Society with a portion of the church building expenses; but about one-third of the outlay was voluntarily subscribed by kind friends and the Indians of the settlement, and the remaining two-thirds we worked for and honestly earned."

I trust that you will favour me by giving insertion to this substantial correction of my error.

Though a mis-print I am made to say a "tinery" instead of a *tram-way*; and again "unequal" instead of *equal*, to the tune of reading for political edification—an important difference. There are one or two other changes which partially alter my meaning, but these I do not notice. ALEX. C. ANDERSON.

The manager of a Home for Friendless Girls at Deptford has been acquitted, after a protracted trial, of the charge of manslaughter by starving one of the children under her care.

Town Talk, a weekly penny paper printed and recently seized as indecent, asserts that the Prince of Wales and Lords Londesborough and Lonsdale are co-respondents in the Langtry divorce case.

The *Cologne Gazette* reports from Kettwig that a woman there has just had five children, four boys and one girl, at a birth. They only lived a few hours. Though very small, they were well formed.

Char Merchant, a milk vendor at Newport (Eng.,) has been fined £20 for selling adulterated milk. He had been repeatedly seen to put water from a brook into his tins, and it was shown that the brook was polluted by sewage.

A young man at Spaxton, England, thought that it would be fun to set fire to a nearly empty cask of benzoline. He dropped a lighted match in the bunghole and ran. One person was killed by the explosion, and the young man is in prison awaiting trial on a charge of manslaughter. He will probably plead that he didn't think it would "go off."

A touching ceremony was witnessed the other day at Netley Hospital. Her Majesty came over with Princess Beatrice from Osborne and presented the Victoria Cross to Private Hitch, of the 1st Battalion, 24th Regiment, who behaved so heroically in protecting the patients at Rorke's Drift. Private Hitch, who is a fine young fellow of modest mien, is now a patient in Netley Hospital, with a number of others invalided from the Cape. Those of the patients who were able to walk were drawn up at the grand entrance, and Private Hitch, dressed in a serge hospital blouse, and with his arm in a sling, was called forward. Her Majesty pinned the Victoria Cross upon his breast and addressed the gallant fellow in a few kindly words of commendation.

Chief Justice Morris, of the Irish Bench, together with his wife and daughter, have had an experience which does not often fall to the lot of holiday-makers. The trio were travelling in the Tyrol, and while *en route* for the Eugadine, through a mountain pass, unmistakable tokens of the approach of an avalanche were heard. The party left the carriage, and had no sooner reached a safe distance than the avalanche fell and buried the carriage. The driver was not so fortunate as his passengers, for while they merely lost their luggage, he is believed to have lost his life.

The Paris *Gaulois* says than the Empress Eugenie is still in the same state of depression. She receives nobody, and dines alone in her own apartment. She only leaves her room to go into that of her son. On the first day she entered it since his burial she nearly fainted on beholding the fatal saddle which cost the Prince Imperial his life. The Empress supports herself with the consolations of religion. When she is not praying she gets her companion to read pious works to her, such as those of St. Augustin and Massillon. Her Majesty is still obliged to take chloral to obtain sleep. Her friends have tried in vain to induce her to change her residence and go to Spain; she insists on remaining at Chiselhurst for the time.

A decidedly scurvy scandal has come out at Rangoon through the failure of the firm of Cohen Brothers & Co., by whom the Commissariat Department at the Burman frontier stations was supplied with most of the necessaries required by the British troops. When the officials of the Court came to examine the insolvents' books they found entries of frequent and regular payment of 250 or 500 rupees to the Commissariat officers at the various stations and the indications of bribery on an immense scale are so serious that the Recorder has taken the books in hand himself. Something will come of this, because if the Cohens did not bribe the officers they have been guilty of falsifying their books and defrauding their creditors. Corruption in such matters is comparatively rare in the British service in our days, though the English Government is wasteful and often imposed upon with the connivance of its agents. A colonist told the Cape correspondent of a London paper recently that they "had tried everything, and though sugar raising paid very well, war beats sugar into fits."

Mr. Archibald Forbes has been before Parliament, Sir Henry Havelock asking the Chancellor of the Exchequer whether he would take into consideration the desirability of extending some favour to the *Daily News'* correspondent "in recognition of the public services performed by him in being the bearer of the despatches of the successful action at Ulundi, under circumstances of considerable personal hazard, fatigue and endurance." The Chancellor of the Exchequer said the question should rather have been referred to the Secretary of War. The *United Service Gazette* points out that there is ample precedent for giving the Victoria Cross to a civilian for services performed in a a civil capacity, and points out that Mr. Forbes is the first special correspondent that has been mentioned in despatches.

As to British farmers, their position is pitiful. Hundreds—we might perhaps say thousands—of them were looking to the coming harvest as their forlorn hope of salvation from ruin, and they now see that it is a very forlorn hope indeed; but nothing short of disaster itself would have convinced those who stand in the way of agricultural reform. The disaster is coming, and out of it, we hope, will arise a new and better land system, under which the British farmer will, for the first time in his history, have a fair field for the use of his capital and the exercise of his energies.—*London Spectator*.

A meeting was held at Castlebar on Sunday, the 17th inst., at which Mr. Davitt, an ex-Fenian prisoner, spoke, and also Mr. London, a barrister. The farmers present were described as delegates, and the meeting was said to be the first convention of Irish farmers in a national land league. A declaration of principles was read, composed with marked ability, but extravagant in its doctrines, demanding that no candidate be elected to the next Parliament who is not prepared to raise the banner of the land for the people. A vigilance committee was appointed to watch the action of the poor-law guardians, town commissioners, and others, in the interest of the farmers, and to publish all the circumstances in cases of eviction or refusals to abate high rents.

While a respectable young farmer named Timothy Hickey was returning home on Friday night from a fair in Tipperary he was set upon and brutally beaten. He died on Sunday night from two fearful fractures of the skull. The doctor, in describing the wounds at the inquest yesterday, said either would have been sufficient to kill a bull. The jury returned a verdict of wilful murder against some person or persons unknown.

The Aborigines' Protection Society has received letters from Natal, dated July 12th, which state that it was in consequence of a message sent to Cetewayo by the Bishop of Natal and his son that the Zulu King was induced to send Prince Louis Napoleon's sword in to Lord Chelmsford. The Bishop expresses a strong opinion that Cetewayo did so from pacific motives, and that he was wholly unable to comply with the three conditions imposed by Lord Chelmsford—viz., that he should send in by noon, July 3rd, the two guns, the thousand rifles captured at Isandula, and ten thousand head of cattle.

REMARKABLE RESULTS FOLLOW.—Pain ceases, swellings subside, fever abates and a natural and healthy state exists after using this great and wonderful preparation known as Thomas' Eclectric Oil. Thousands testify to the happiness resulting from the use of this preparation. Why not procure a bottle at once. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents' worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents' worth has cured crick in the back, and the same quantity lame back of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts, which we think should be sufficient to satisfy the most sceptical:

Thomas Robinson, Farnham Centre, writes: "I have been afflicted with Rheumatism for the last ten years, and have tried many remedies without any relief, until I tried 'DR. THOMAS' ECLECTRIC OIL' and since then have had no attack of it. I would recommend it to all."

See what the Medical Faculty say: Dr. Beaudoin, Hull, P. Q., says: "I have sold 'Thomas Eclectric Oil' for two years, and I have never sold a medicine which has given more thorough satisfaction. I have used it in my own case on a broken leg and dislocated ankle, with the best result."

A. H. Gregg, Manufacturer of Mowing Machines, Truemansburg, N. Y., says: "My thumb was caught in a machine and badly injured, being away from home for two days, was obliged to apply such remedies as I could get, but without relieving the pain. Immediately upon reaching home I applied the ECLECTRIC OIL, with almost instant relief. I have a large number of men employed, and your Oil has established for itself such a reputation that nearly every one of them keeps it."

BEWARE OF IMPOSTERS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of *S. N. Thomas* is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and *Take no other*. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

DR. SPINNEY & CO'S DISPENSARY,

No. 11 KEARNEY STREET, SAN FRANCISCO.

DR. SPINNEY, well known as the founder of the Montreal (C. E.) Medical Institute, and late Proprietor of the SPINNEYVILLE INFIRMARY would most respectfully inform his patients and the afflicted generally, that he still continues to treat chronic and nervous diseases with unparalleled success.

LADIES AND GENTLEMEN,

Remember that procrastination is the thief of time so

COME AND BE HEALED!

It matters not what you troubles may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourselves whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will tell you that, for he will not undertake a case unless he is confident of effecting a cure.

Parties at a distance wishing treatment, by sending $25 and a minute description of their troubles will receive in return a full course of treatment securely packed so as not to excite curiosity.

DR. SPINNEY will guarantee to forfeit Five Hundred Dollars for every case of any kind or character which he undertakes and fails to cure.

ANOTHER WONDERFUL CURE

—EFFECTED BY—

California Elastic Truss!

CALIFORNIA ELASTIC TRUSS CO., W. J. Horne Proprietor—Dear Sir: I feel that I owe it to you and to humanity to write the fact that I have been *SUBSTANTIALLY CURED* of a bad case of rupture of thirty years' standing, by one of your incomparable Trusses, which I purchased from you three months ago. I cannot describe the suffering, both physically and mentally, that I have undergone during that period; and now I feel like a new being. I have worn all kinds of Trusses, both Steel and Elastic, and never received any permanent relief until I tried yours. Its simplicity of construction, and facility with which it can be adjusted, and the ease and perfect freedom to the motions of the body with which it can be worn without causing any irritation, are its chief merits, and it is a turn of the rupture since the first day I put it on and feel that I am *PERFECTLY CURED*. It is invaluable, and the fact should be known to the world. You can refer anyone to me on the subject of its merits I am truly yours, ALFRED J. BURKE,

Chief Mail Clerk S. F. Daily Evening Post.

NEW REMEDIES! NEW REMEDIES!

DR. GIBBON'S DISPENSARY

No. 623 KEARNY STREET corner Commercial, San Francisco, established in 1854, for the treatment of Nervous and Chronic diseases of all kinds, Skin Diseases of years' standing and Ulcerated Legs, etc., successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal hospitals of Europe, and has resumed practice at his Dispensary, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies and has returned with increased facilities for the viation of human suffering.

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to DR. GIBBON, stating case, symptoms, length of time the disease has continued, and have the medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. By inclosing TEN DOLLARS in a registered letter through the post office, or through Wells, Fargo & Co., a package of medicine will be forwarded by Express to any part of the world

Come ye citizens and strangers,
Miners, sailors and Western rangers,
Listen to the truthful story,
Of Frank Campbell of Victoria.
He in truthful words will tell you
Just the goods he has to sell you.
Mind ye now he isn't joking,
If you are fond of chewing and smoking,
Or if you are given to snuffing,
What he keeps does not need puffing.
He has brands will suit you really,
Tobacco users prize them dearly;
From all parts of the "Old Dominion"
He has stock, and his opinion
Is that none can suit you better
They will please you to the letter.
His Cigars, just from 'Hi vana,'
Smoke in the most lovely manner;
Meerschaum pipes of style and fashion
Just to suit each taste and passion;
And it is in Canada stated,
His Tobaccos are celebrated;
Green Seal, Straight Cut, all go,
Big Lick, Big Cut, Wind Sap, also
All the Fine Cut Brands for chewing
That your teeth will never ruin;
Pipes to suit the inveterate smoker
Cards for playing sinch or poker,
Pipes of briar and stems of cherry
More than any man can carry;
It would take a week to tell you
All the things he has to sell you.
While in town you may be stopping
At the "Adelphi Corner" drop in;
Campbell you'll find at that location
Ready to give you information,
Or to see you well provided,
With what is by all decided,
The smoker's and the chewer's glory,
The best and cheapest in Victoria.

MUNICIPAL.

MUNICIPAL BYLAW.

A Bylaw to prohibit the erection of Wooden Buildings within certain Fire Limits within the City of Victoria:

1. That such part of the City bounded on the North by Johnson street, on the South by Fort street, on the East by Broad street and on the West by the Water Frontage be hereby declared within the Fire Limits of the City of Victoria. The centre of Johnson to centre of Fort from centre of Broad shall be limits referred to above.

2. All Buildings hereafter erected within the Fire Limits shall have their outside Walls and party Walls made of Brick, Stone or other incombustible material and such outside Walls shall extend four feet above Wall Plate of Roof, and party Walls shall also extend to same height above Wall Plate of Roof. Roofs shall be covered with such material as will afford protection against Fire and the Walls shall be so constructed as to separate all Wood Work thoroughly and completely of the interior and exterior of such Building from all and every part of the interior and exterior of any adjoining Building. If the apex of Roof should exceed the height of Fire Walls, then the Roof must be covered with such material as will afford protection against Fire. In the case of Gables the Walls are to be carried up to the full height of the Apex of said Roof. The term Building, as applied in this Section, shall not include Privies or Sheds for storage of Coal, Wood or Wharf Sheds.

3. All Repairs to Buildings constructed of brick, stone, or other incombustible materials, shall be made to conform to this Ordinance.

4. The Wooden Building within the said Fire Limits shall not be altered or changed without the written permission of the Chief Engineer of the Victoria Fire Department, approved by a majority of the Fire Wardens, which permit shall specify fully the alterations or changes required, and no such permit shall be given if any increase will be made by the proposed change or alteration in the size of any Wooden Building within the said Limits, or if such repairs or alterations will increase the value of such building more than Twenty-five per cent. The applications therefor and a copy of each of such permits shall be kept on file in the office of the City Clerk.

5. No Building within the said Fire Limits shall be removed except to a portion of the same lot on which it stands or to a point outside the Fire Limits.

6. Whenever any building shall be by any means so much injured as to be, in the judgment of the Chief Engineer and a majority of the Fire Wardens, a dangerous nuisance, or when any Wooden Building within the said Fire Limits shall, in the judgment of the Chief Engineer and a majority of the Fire Wardens, be damaged by fire to the extent of one-half or more of its actual value, the Chief Engineer shall cause to be served upon the owner or person having control thereof a notice requiring such person to remove the same forthwith, and the person receiving such notice shall within ten days after receiving the same comply with the requirements thereof.

7. *One Story Buildings*—Foundations to be not less than eighteen inches in thickness and not less than eighteen inches in the hard clay or gravel, as the case may be, brick walls to be not less than twelve inches thick. *Two Story Buildings*—Foundations to be not less than twenty-two inches thick and not less than eighteen inches in the hard clay or gravel, as the case may be. *Brick Walls*—Ground floor to be not less than seventeen inches thick; first floor not less than twelve inches thick.

8. Any person or persons violating any of the provisions of this Bylaw shall be deemed guilty of a misdemeanor, and on conviction thereof before the Police Court shall be punished by a fine of not less than ten or more than one hundred dollars, and each day of maintaining or continuing such violation shall be deemed a new offence and punished accordingly.

9. The Chief Engineer of the Victoria Fire Department and the Fire Wardens are required to see that the provisions of this Bylaw are enforced and to make complaints in the Police Court for violation thereof.

10. This Bylaw may be cited for all purposes as "The Bylaw for Prohibiting the Erection of Wooden Buildings, 1879."

Passed the Municipal Council this Sixteenth day of July, One Thousand Eight Hundred and Seventy-nine.
